VASVU: FOUNDATION YEAR FOR INTERNATIONAL STUDENTS

Did you complete an international pre-university education? Does your education not give direct access to your future study program? The VU offers an unique opportunity to prepare yourself for university entrance examinations through the foundation year.
STUDYING AT THE VU:
Did you complete an international pre-university education? Does your education not give direct access to your future study program? The VU offers an unique opportunity to prepare yourself for university entrance examinations through the foundation year.

CLASSES:
The VASVU offers courses needed for your future study program. Dutch, English, mathematics, physics, chemistry, biology, and history are taught with attention for study skills. Moreover, every student receives personal mentoring.

ACTIVITIES:
Meet former VASVU students, now studying at the university that will provide useful tips and tricks. Join on pleasant and educational excursions.

EXAMINATIONS:
Some courses are completed with entrance examinations of the VU. Other courses with national examinations. If you pass all examinations, you are eligible to the admission procedure of your study program.

INTERESTED IN JOINING OUR COURSES?
STEP 1: INTERVIEW
If you have already some knowledge of the Dutch language (at least level A2, but preferably B1) visit the VASVU consultation hours for information and registration: every Tuesday between 16.00-17.00 and every Wednesday between 11.00-12.00 in room OE73A at the Main Building of the VU. You are most welcome, an appointment is not necessary.

STEP 2: INTAKE TESTS:
For everyone there are entry tests in Dutch, English, mathematics and depending on your study choice also chemistry and physics. The VASVU starts on 29 August 2019. In some cases, depending on your study program and results on the entry tests it is possible to join the VASVU in November 2019 (not for bio-medical study programmes). Final examinations are between December 2019 and June 2020.
