Did you complete an international pre-university education? Does your education not give direct access to your future study program? The VU offers an unique opportunity to prepare yourself for university entrance examinations through the foundation year.
STUDYING AT THE VU:

Did you complete an international pre-university education? Does your education not give direct access to your future study program? The VU offers an unique opportunity to prepare yourself for university entrance examinations through the foundation year.

CLASSES:

The VASVU offers courses needed for your future study program. Dutch, English, mathematics, physics, chemistry, biology, and history are taught with attention for study skills. Moreover, every student receives personal mentoring.

EXAMINATIONS:

Some courses are completed with entrance examinations of the VU. Other courses with national examinations. If you pass all examinations, you are eligible to the admission procedure of your study program.

ACTIVITIES:

Meet former VASVU students, now studying at the university that will provide useful tips and tricks. Join on pleasant and educational excursions.

INTERESTED IN JOINING OUR COURSES?

STEP 1: INTERVIEW

If you have already some knowledge of the Dutch language (at least level A2, but preferably B1) visit the VASVU consultation hours for information and registration: every Monday between 16.00-17.30 and every Wednesday between 11.00-12.00 in the Main Building of the VU, room OE73A. There will be an information and registration session on Thursday 12 April and Thursday 31 May 2018 at 15.45 in room 12A36 of the Main Building of the Vrije Universiteit. But you are also most welcome for information and registration during one of the consultation sessions.

STEP 2: INTAKE TESTS:

For everyone there are entry tests in Dutch, English, mathematics and depending on your study choice also chemistry and physics. The VASVU starts on 30 August 2018. In some cases, depending on your study program and results on the entry tests, it is possible to join the VASVU in November 2018 (not for bio-medical study programs). Final examinations are between December 2018 and June 2019.
