Mathematical foundations
(algebra, calculus, probability, programming, academic skills, ...)

BACHELOR MATHEMATICS

Major pure mathematics
- Algebra & Geometry
- Analysis & Dynamics
- Probability & Statistics

Minor

MASTER

Major pure mathematics
- Mathematics
- Mathematics education
- Business analytics
- Bioinformatics and systems biology
- Physics & astronomy
- Quantitative risk management
- Quantitative finance

Minor

Stochastics and financial mathematics
- Applied mathematics
- Econometrics
- Computer science
- Statistical science
- Computational science
- Actuarial science

YEAR 3

Thesis project

YEAR 2

Thesis project

YEAR 1

Thesis project
